## FULL STACK WEB DEVELOPER

My name is Moin Ashrafi, and I am a passionate full-stack web developer with over three years of hands-on experience in crafting dynamic and user-friendly websites. Throughout my career, I have honed my skills by working on numerous practical projects, where I have had the opportunity to work with a wide range of cutting-edge technologies. I am proficient in front-end technologies such as HTML, CSS, and JavaScript, along with modern design frameworks like Tailwind CSS. On the back-end, I specialize in Laravel, a powerful PHP framework, and I also have strong expertise in Vue.js for building seamless and interactive user interfaces. My diverse skill set and practical experience enable me to create highly functional and aesthetically appealing websites that meet both user and business needs.
